

Environmental Policy

It is the policy of Industrial Ancillaries Ltd to integrate environmental management into our day to day business activities and operations. We will manage our activities in a manner that protect the environment, the safety of our staff and public health

Guided by our policy, we recognize and will exercise our responsibilities to:

1. Comply with legal and other requirements to which the business subscribes including the international standard ISO 14001
2. Commit to achieving measurable continuous improvement through our environmental management program
3. Prevent pollution by using alternative measures in our facility
4. Provide the appropriate resources including training of staff to ensure they are environmentally responsible
5. Review and set objectives / targets on an annual basis ensuring they are measurable and achievable
6. Monitor performance through the internal audit process
7. Communicate and reinforce this policy throughout the organization through the use of notice boards, induction training and on going training
8. Make this policy available to the public on our website www.indanc.com
9. Display this policy throughout the business

Signed on behalf of Industrial Ancillaries
